## Experience

### **Microsoft D365 for Commerce** *Product Designer*

Bellevue, Washington | 10.2019 - Present

Designing user-centric experiences focused on optimizing and streamlining core tasks for retailers to bring their business to their customers.

### **Microsoft D365 for Talent** *Product Designer - Fulltime*

Bellevue, Washington | 7.2019 - 10.2019

Converted from contracting to full-time

### **Microsoft D365 for Talent** *Product Designer - Contractor*

Bellevue, Washington | 2.2018 - 7.2019

Worked in close collaboration with engineers, researchers, project managers and designers in a fast-paced, sprint-based environment to deliver inclusive, compliant products. Design process was full flow, starting from conceptual wireframes, to prototyping, all the way to implementation with engineers.

### **POSSIBLE** *UX Architect - Contractor*

Seattle, Washington | 8.2017-12.2017

Owned tasks such as creating competitive and comparative audits, user research, wireframing, and creating high fidelity mockups for various Microsoft projects.

*Clients: Microsoft WDG*
